Slovenian National Building and Civil Engineering Institute (ZAG), <u>Dimičeva ulica 12</u>, 1000 Ljubljana

## Foreword

by Maria Pina Limongelli, POLIMI, Project Coordinator

#### **Invitation to the Workshop**

We are proud to invite you to first End-Users Workshop of BRIDGITISE project, dedicated advancing the digital transformation of Bridge Integrity Management. BRIDGITISE Marie Curie Industrial Doctorate network is the first of its kind within the EU that will pave the way to the training of new generations of researchers and professionals with expertise in Digitalized Bridge Integrity Management.

This interactive full-day event is open to all infrastructure owners and operators, engineers, researchers, academics, technology providers, and makers to explore innovative digital tools methods for monitoring, maintenance, and management of bridge assets.

#### **Highlights**

The workshop will feature:

- Presentations and discussions on state-of-the-art approaches in digital bridge integrity management
- **Opportunities** for knowledge exchange and collaboration between end-users and experts
- Interactive breakout sessions to gather feedback and insights from end-users
- Group discussions focused on practical challenges, user needs, opportunities and for implementation.

Mark your calendars for January 22nd and join us at the Slovenian **Building National** and Civil **Engineering** Institute (ZAG) to discover Ljubljana how digitalization is shaping the future of bridge infrastructure.
